Vanderbilt Kennedy Reading Clinic
A clinic providing one-on-one instruction for struggling readers

Who the Clinic serves:
Students in grades K – 8 who are behind in reading.

How the Clinic can help:
The Reading Clinic provides individualized, one-on-one tutoring using assessments and evidence-based instructional methods shown to promote reading.

“My rising first grader was having difficulty with his sight word recognition; I enrolled him in the Reading Clinic. He was always eager to learn how to read and I knew that the individualized instruction would be perfect for him. Today, not only is he on a third-grade reading level, but the Reading Clinic further ignited the passion he already possessed for reading. I would strongly recommend this program to anyone as it strengthens the children’s confidence and encourages a lifelong passion for reading.”

-Parent

Features of the program:
• During the Fall & Spring semesters, tutoring sessions are 40-minutes in duration, 2 times per week.
• Please contact the Reading Clinic for information about our summer programs.
• Non-diagnostic entry assessments determine individual needs.
• Goals are established for the tutoring period.
• Progress is measured regularly, and instruction is adjusted accordingly.
• Parents will receive regular updates on their child’s progress in tutoring.
• Tutoring is provided by qualified teachers from the community or undergraduate and graduate students supervised by faculty and staff.
