Volunteer for Research at Vanderbilt

We invite 7-14 year old children with autism or typical development to be part of our research about how children play together!

Participation involves visits to the Vanderbilt Kennedy Center:
1. Psychological Testing (1-2 hours), get $20
2. Social Interaction or play! (1 hour), get $20
3. Research MRI (2 hours), get gift cards for your child
4. Hormone administration with blood draws (1-2 hours)

*Participate in all or some of the visits

A great way to learn about science and help other kids!
