Attending a Puppet Show at Cheekwood

Social Story™
Cheekwood Art & Gardens
Nashville Public Library Wishing Chair Productions
I am going to a puppet show at Cheekwood Art & Gardens.
When we get there, we will go to the visitor center for a map and a wristband.
The show will be at the brick patio of the Frist Learning Center, if it is not raining. We will be able to walk there. It might be a long walk but I can ask my mom or dad for a break. We can use our map to find our way there.
When we get there we can find a place to watch the show. I can follow the signs to sit near the stage or stand in the back.
During the show, I will see puppets pretending to be people and objects. The performers will wear masks and will pretend to be the puppet’s shadow.
If the show is too loud or I don’t like the puppets, I can tell my family and we can go to a quiet space inside the Learning Center.
If I need to use the bathroom, I can ask my mom or dad and we can go inside to the bathroom on the left.
If I would like some water or a snack, I can ask my mom or dad to go downstairs in the learning center to the water fountain and snack machine.
After the puppet show, my family and I may choose to walk around Cheekwood and explore the different parts of the festival or we may choose to go home when the puppet show ends.
