Where to Start:
Why and How to Tell Your Story

Whatever our perspective—trainees and students, researchers, health care professionals, service providers, educators, individuals with disabilities or family members, or simply concerned citizens—we see ways that the disability service system can be improved. One dimension of changing service systems is educating legislators and other public policy makers.

This event will feature panels of experienced public servants, disability professionals, and parents of individuals with disabilities to teach you about making your voice heard.
