

## LAC Clinic

# Vanderbilt Kennedy Learning Assessment Clinic

A clinic for students experiencing learning challenges

### Who the Clinic serves:

Students 5-25 years old in kindergarten through college with academic learning challenges.

### Assessment goals:

- Snapshot of your student's learning strengths and weaknesses
- In-depth consultation with the Clinic team about your assessment results
- Comprehensive report including:
  - Assessment results
  - Strategies specifically targeted to your student's needs

### When should I make an appointment at the Clinic?

- Grades don't reflect your student's ability
- Homework is a battle
- The teacher is concerned
- Having to re-teach lessons from school
- Behavior problems in class
- Student struggles to read, write words, sentences, or essays, or do math
- Student does not "test well"
- Student is struggling to keep up and needs more help
- Concern for dyslexia or other learning disabilities
- You want to know how your student learns

### Our team:

- Psychologist and Clinic Director: *Rachel Hundley, Ph.D.*
- Psychologist: *Caitlin Reichstein, Ph.D.*
