TEACHER'S MANUAL

Introduction ............................................. 9
Rules of the Game ................................. 10
Implementation Schedule ...................... 11
Activity Descriptions ............................ 11
Materials List ....................................... 13
Icon Key ............................................ 14
Worked Examples Template ................. 15

Day 1 .................................................. 21
Introduce behavior expectations
Training:
Define whole numbers and proper fractions
Introduce “fraction vocabulary” and fractions with 1
in the numerator

Day 2 .................................................. 31
Training:
Compare fractions with 1 in the numerator
Introduce reading greater than/less than signs
Introduce Relay

Day 3 .................................................. 41
Training:
Introduce fractions with numerators greater than 1
Introduce fractions equal to 1
Teach 1/b + 1/b... = a/b
Introduce number lines as the unit

Day 4 .................................................. 53
Training:
Introduce Compare Card
Compare fractions with same numerator (1/n only)
Compare fractions with same denominator
Introduce Individual Contest

Day 5 .................................................. 63
Training:
Introduce new problem type on Compare Card
Introduce Naming Flashcards
Introduce Comparing Flashcards
Practice comparing fractions with Compare Card

Day 6 .................................................. 73
Training:
Introduce comparing fractions with same numerator
other than 1/n

Day 7 .................................................. 83
Word Problem Warm-Up: Intact Splitting problem
Training:
Introduce finding fractions equivalent to ½ with
multiplication
Introduce finding fractions equivalent to 1 with
multiplication

Day 8 .................................................. 95
Word Problem Warm-Up: Splitting problem
Training:
Introduce the Doubling Rule

Day 9 .................................................. 107
Word Problem Warm-Up: Splitting problem
Training:
Introduce football example

Day 10 ............................................... 121
Word Problem Warm-Up: Splitting problem
Fraction Sprint: Equal/Not Equal to ½

Day 11 ............................................... 131
Word Problem Warm-Up: Splitting problem
Training:
Introduce 0-1 Number Line Card
Fraction Sprint: Equal/Not Equal to ½

Day 12 ............................................... 143
Word Problem Warm-Up: Splitting problem
Training:
Introduce comparing fractions with same numerator
on the number line
Introduce LL and GG rule
Fraction Sprint: Equal/Not Equal to ½

Day 13 ............................................... 155
Word Problem Warm-Up: Splitting Problem
Training:
Introduce Ordering Card
Fraction Sprint: Equal/Not Equal to ½

Day 14 ............................................... 169
Word Problem Warm-Up: Splitting Problem
Training:
Link comparing, ordering, and number line
Fraction Sprint: Equal/Not Equal to ½

Day 15 ............................................... 181
Word Problem Warm-Up: Splitting Problem
Training:
Introduce mixed numbers
Use a ruler to illustrate proper fractions and mixed
numbers
Introduce 0-1 & 0-2 Number Line Card
Introduce labeling fractions as proper/improper/
mixed
Fraction Sprint: Which fraction is bigger?

Day 16 ............................................... 193
Word Problem Warm-Up: Intact Grouping problem
Fraction Sprint: Which fraction is bigger?

Day 17 ............................................... 203
Word Problem Warm-Up: Grouping problem
Training:
Introduce exact placement on number line
Introduce Mixed to Improper Card
Introduce Improper to Mixed Card
Fraction Sprint: Which fraction is bigger?

Day 18 ............................................... 221
Word Problem Warm-Up: Grouping problem
Training:
Introduce exact placement on number line
Introduce Mixed to Improper Card
Introduce Improper to Mixed Card
Fraction Sprint: Which fraction is bigger?
Day 19 ............................................. 237
Word Problem Warm-Up: Grouping problem
Fraction Sprint: Which fraction is bigger?
Day 20 ............................................. 251
Word Problem Warm-Up: Grouping problem
Fraction Sprint: Which fraction is bigger?
Day 21 ............................................. 261
Word Problem Warm-Up: Grouping problem
Fraction Sprint: Which fraction is bigger?
Days 22-24 .................................... 271
Word Problem Warm-Up:
Splitting and Grouping problems
Training:
Cumulative Review
Fraction Sprint: Proper/Improper/Mixed
Individual Contest:
Introduce $1/4 for bonus problems (Day 22)
Day 25 ............................................. 287
Word Problem Warm-Up: Grouping Problem
Training:
Introduce Addition and Subtraction Card
Fraction Sprint: Which fraction is bigger?
Day 26 ............................................. 301
Word Problem Warm-Up:
Distractor and Splitting Problems
Training:
Introduce addition and subtraction with unlike denominators
Fraction Sprint: Which fraction is bigger?
Day 27 ............................................. 317
Word Problem Warm-Up:
Grouping, non-unit fraction problem
Training:
Introduce addition and subtraction with mixed numbers
Fraction Sprint: Which fraction is bigger?
Day 28 ............................................. 337
Word Problem Warm-Up:
Grouping, non-unit fraction problem
Training:
Introduce 0-1 number line without $1/2 and 0-2 number line without $1/2 and 1 1/2 marked
Fraction Sprint: Which fraction is bigger?
Day 29 ............................................. 347
Word Problem Warm-Up: Splitting Problem
Fraction Sprint: Which fraction is bigger?
Day 30 ............................................. 355
Word Problem Warm-Up:
Distractor and Grouping, non-unit fraction problems
Training:
Introduce equivalencies for 1/3, 1/4, and 1/5
Introduce new Compare Card rule
Fraction Sprint: Which fraction is bigger?
Day 31 ............................................. 373
Word Problem Warm-Up:
Grouping, non-unit fraction problem
Training:
Introduce equivalencies for 2/3, 1/4, and 3/5
Fraction Sprint: Which fraction is bigger?
Day 32 ............................................. 387
Word Problem Warm-Up:
Distractor and Splitting program
Relay: Review exact placement
Fraction Sprint: Which fraction is bigger?
Days 33-36 ..................................... 395
Fraction Championship (Review)
Preparing Implementation Materials . 403
Glossary ....................................... 411
Materials Glossary
Activities Glossary

CD CONTENTS:
STUDENT MATERIALS

CD Part 1
Day 1-36 Worksheets ............ 3-161
• Training (Begins on Day 1)
• Relay (Begins on Day 2)
• Individual Contest (Begins on Day 4)
• Word Problem Warm-Ups (Begins on Day 7)

CD Part 2
Implementation Materials ..... 162-388
• Fraction Money
  • Checkbook
  • $1/4, $1/2, & $1 Fraction Dollars
• Number Lines
  • 0-1, 0-2, 1/n, 0-20, Halves, Fourths, Fifths, Tenths
• Manipulatives
  • Greater Gator: Less than/Greater than Cards
  • “>”, “<”, & “=” Tokens
• Cards
  • Compare Card
  • Number Line Card
  • Ordering Card
  • Mixed to Improper Card
  • Improper to Mixed Card
  • Addition & Subtraction Card
• Flashcards
  • Grey Naming Flashcards
  • Yellow Comparing Flashcards
• Word Problem Warm-Up Guide
• Championship Game
  • Spinner & Spinner Game Wheel
  • Fraction Championship Game Sheet (Football Field)
  • Championship Game Cards (4 Categories)
  • Certificate of Achievement

CD Part 3
Appendix ......................... 391
• Representational Fraction Tiles
